Conclusion 55

Introduction

Gandhi Jayanti is celebrated in India on 2 October every year. It marks the **birth anniversary** of Mahatma Gandhi, who was born in 1869 in Porbandar, Gujarat. People call him "Bapu", which means "father". The day is a national holiday, and it is observed around the world as the International Day of **Non-Violence**.

Body

Gandhi was a lawyer who studied in London and later worked in South Africa. There he saw that people were treated **unfairly** because of their skin colour, and he decided to fight against this. When he returned to India, he led the **freedom struggle** against British rule. He never used weapons. Instead, he asked people to follow truth and peace. One of his most famous actions was the Salt March in 1930, when thousands of people walked to the sea to make salt. India finally became independent in 1947.

On Gandhi Jayanti, schools, colleges and offices remain closed. Students take part in speeches, drawing competitions and prayer meetings. Leaders visit Raj Ghat in New Delhi, where they place flowers and listen to his favourite **devotional** songs. Many people also spend the day cleaning their neighbourhoods, because Gandhi believed that cleanliness was important.

Conclusion

Gandhi Jayanti is not only a day to remember a great leader. It is also a chance to think about his **values**. Honesty, kindness and peace are needed in every age. If we follow a few of his ideas in our daily lives, we can make our homes, schools and country better places for everyone.

Body 138

Conclusion 51

Introduction

Every year on 2 October, India celebrates Gandhi Jayanti to honour the birth of Mohandas Karamchand Gandhi, who was born in Porbandar, Gujarat, in 1869. Known as Mahatma, or "great soul", he is regarded as the **Father of the Nation**. The United Nations also observes this date as the International Day of Non-Violence, which shows how far his message has travelled.

Body

Gandhi trained as a lawyer in London and spent twenty years in South Africa, where he experienced **discrimination** first-hand. This experience shaped his belief in **satyagraha**, a peaceful way of resisting injustice through truth. After returning to India, he led several important movements, including the Salt March of 1930 and the Quit India Movement of 1942. Millions of ordinary Indians joined him because they trusted his **sincerity** and admired his simple lifestyle. He spun his own cloth, lived modestly and refused to hate his opponents.

Today, Gandhi Jayanti is a public holiday across the country. Prayer meetings are held at Raj Ghat in New Delhi, where his favourite hymn is sung. Schools organise essay, drama and quiz competitions, while volunteers join cleanliness drives to remember his passion for hygiene. These activities **inspire** young people to serve their communities.

Conclusion

Gandhi Jayanti is more than a ceremony; it is a reminder that real change can begin with **peaceful** actions. Although Gandhi lived many decades ago, his ideas about honesty, tolerance and **self-discipline** still matter in our modern world. By treating others with respect and kindness, we can keep his spirit alive.

Introduction 62

Body 128

Conclusion 60

Introduction

Gandhi Jayanti, observed on 2 October, commemorates the birth of Mohandas Karamchand Gandhi in 1869. Revered as the Father of the Nation, he demonstrated that a **formidable** empire could be challenged without violence. The United Nations has recognised his legacy by declaring the day the International Day of Non-Violence, giving his philosophy a truly global significance. Schools and offices all close nationwide.

Body

Gandhi's philosophy of satyagraha, literally "holding firmly to truth", emerged during his years in South Africa, where he campaigned against racial **oppression**. Upon returning to India in 1915, he transformed a fragmented independence movement into a mass campaign. The Salt March of 1930 was particularly **symbolic**: by defying an unjust tax on salt, ordinary villagers challenged the authority of the British government without lifting a finger against anyone. His insistence on self-reliance, expressed through spinning khadi, also encouraged Indians to reject foreign goods and rediscover their dignity.

Contemporary observances reflect these ideals. Dignitaries gather at Raj Ghat to pay **homage**, interfaith prayers are recited, and schools stage debates on peace and tolerance. Many communities also launch cleanliness campaigns, echoing Gandhi's conviction that sanitation was inseparable from social **reform**.

Conclusion

Ultimately, Gandhi Jayanti invites reflection rather than mere celebration. In an age marked by conflict and polarisation, his belief that means are as important as ends remains strikingly **relevant**. Instead of treating the day as a routine holiday, we should ask how his example can guide our choices. Remembering him should therefore inspire us to act with integrity and compassion.

Body 135

Conclusion 36

Introduction

Every 2 October, India pauses to commemorate the birth of Mohandas Karamchand Gandhi, born in Porbandar in 1869 and universally revered as Mahatma. Gandhi Jayanti is far more than a ceremonial holiday; it is an annual occasion for the nation to reassess how faithfully it upholds the **principles** of the man whose moral authority helped dismantle a global empire. The United Nations' designation of the date as the International Day of Non-Violence attests to the universality of his message.

Body

Gandhi's brand of resistance, satyagraha, was **unprecedented** in its fusion of politics and ethics. Refined during his two decades in South Africa, it rested on the conviction that an oppressor could be morally disarmed by **unwavering** truthfulness and a willingness to suffer without retaliating. Back in India, he mobilised peasants, workers and the urban elite alike, most memorably through the 1930 Salt March, which exposed the arbitrariness of colonial rule to the world. His **austere** lifestyle, with homespun cloth, frugal meals and regular fasting, lent credibility to his words, because he demanded no sacrifice that he was not prepared to make himself.

The commemorations today mirror this ethos. Wreaths are laid at Raj Ghat, multi-faith prayers are recited, and countless volunteers undertake sanitation drives that reflect his lifelong **advocacy** of cleanliness and dignity of labour.

Conclusion

Yet the true tribute lies beyond ritual. Gandhi's legacy is contested and selectively invoked, but its core, that lasting change must be pursued through means consistent with its ends, remains a **touchstone** for citizens confronting injustice.

Body 141

Conclusion 34

Introduction

Each year on 2 October, India commemorates the birth of Mohandas Karamchand Gandhi, an unassuming lawyer from Porbandar whose life would ultimately unsettle the foundations of empire. Gandhi Jayanti, however, resists reduction to mere pageantry: it is an annual reckoning with an **ethos** that the world has admired more readily than it has practised. The United Nations' proclamation of the day as the International Day of Non-Violence testifies to the **enduring** reach of his thought.

Body

What distinguished Gandhi was not simply his tactics but the moral **audacity** with which he reconceived power itself. Satyagraha, forged amid the racial indignities of South Africa, held that an oppressor's dominion depends on the tacit cooperation of the oppressed, and that withdrawing it, **conscientiously** and without malice, could render even a formidable regime untenable. The Salt March of 1930 distilled this insight into a single, luminous gesture: a frail man stooping to gather untaxed salt on a distant shore. His **asceticism** was never mere performance; it embodied the coherence between conviction and conduct that lends persuasion its moral force.

Contemporary observances, from wreaths at Raj Ghat to interfaith prayers and sanitation drives, honour him faithfully, yet they risk becoming rituals emptied of meaning if they are not accompanied by introspection. Gandhi's own life, after all, was an experiment in truth.

Conclusion

The most fitting tribute, therefore, is neither reverence nor **iconoclasm** but honest engagement: testing his ideas against our own **complacency**, and asking whether we possess the courage to pursue justice without surrendering our humanity.
